**Cardboard Items**

Read SHIPPING CHARGE NOTES!!!!

**NOTE SHIPPING CHARGES. Package Trays, Firewall Covers, Back Seat Panels** These are expensive to ship, we have tried rolling them but they tend to get wrinkled so we are now only going to ship them in a large box with a wood board in them. Because of this the shipping will be up to \$45.00 or more [depending on how far away from us you are] because of UPS 'dimensional weight'. It would be wise on your part to order your package tray, back seat panel & firewall cover together because the shipping charge to ship all 3 items will be the same as shipping only one of these items.
